

Sewing Mastery's Stitching Cosmos 2020 International Fiber Exchange

What is a Fiber Exchange?

A Fiber Exchange is when a large group of sewists each buy a skein of yarn (or in this Fiber Exchange, three skeins), cut it into shorter useable lengths (10 feet / 3 meters from each skein) and then swap the fibers between other participants. The result is that each person ends up with a wide variety of fibers to try out for couching or surface embellishment projects. You will end up with 60 different fibers from the Sewing Mastery Fiber Exchange.

If you would like a variety of yarns and novelty fibers to use in future projects without spending a ton of money, then join us for the **Sewing Mastery Stitching Cosmos 2020 Fiber Exchange!** A Fiber Exchange is a cost effective way to increase your fiber collection by exchanging with 20 other people.

How to Participate

1. This Fiber Exchange is open to all enrolled Stitching Cosmo Online Course students.
2. Fibers can arrive throughout 2020. Fibers will be accumulated until 20 sets have arrived. We will continue the Fiber Exchange through December 31, 2020 for students who enroll throughout the year.
3. Mail Fiber Exchange fibers to Sara's store, Heirloom Creations in Sioux Falls, SD.
4. Select THREE fun, couchable yarns (no boring yarns).
5. Wrap 10 feet (3 meters) of each color on to one card. Make 20 sets.
6. Write/print your first name, city, state on each card. It will be fun to see where all the fibers came from.
7. Place all fibers in a large zip lock bag with your name on the bag.
8. Mail a total of 20 wrapped cards.
9. Include a self addressed, WITH POSTAGE mailing envelope similar in size of the one used to send your fibers in for the exchange.
10. Print off the following page and include it with your fibers.
11. Upon arrival we will take batches of 20 participants at a time, return one of each fiber to you from 20 different people.

International Fiber Exchange Participates

1. Please include a PayPal account e-mail address and we will bill you for the correct postage to ship the fibers back to you.
2. Include an SELF ADDRESSED envelope WITHOUT postage.
